Main app window with statistics and current analysis Finds the listed DLLs which are needed to launch the listed apps Reports the imports & exports & functions for each module Results tab with errors and warnings Statistics tab reports information for speed and memory usage Launch Start Menu icon reports installed apps Launch Start Menu search icon reports installed apps Launch Start Menu search icon reports installed apps Note: DLL files / functions of a dynamic analysis tool like WinAPIOverride is only a part of the full dynamic analysis, or rather a "scratching at the surface" of the program rather than a reflection of the real problem DLL files for Windows OS, so your target needs to run on a Windows OS such as XP, Vista, 2000, 2000, 7, 8 or 8.1, or in other words, an OS that is a part of the Windows family. A short intro to all the DLL files that are probably available for you to check: CdFiles CdIcon CdReg CdMisc CdShell CreateFileMapping GetModuleFileName OpenProcess OpenProcessToken OpenMutex OpenMutexEx OpenProcessWithToken OpenService OpenServiceEx QueryServiceStatus ... or even more - different programs use different libraries, of course. If you run any command prompt program on a windows machine and want to see if you are missing CdFiles, CdIcon, CdReg, CdMisc, CdShell or CreateFileMapping - just do this: cd "C:\Program Files (x86)\Command Prompt" The above command points to the default directory or folder where the Command Prompt program is installed. Now you are ready to launch a free trial and see what the program has to offer and can do for you. If this program satisfies your needs, it would be easy to continue using it from now on. There are plenty of free DLL files available for download, but here are a few free programs and DLL files that you might find useful: With an official website, the rest can be easily found on the Internet: As you can see, there is a lot of free DLL files available on the Internet. While these files are free to use, they are not completely free in regard to the usage license. Some
