FIFA 12 is a fun soccer experience, filled with authentic and exciting gameplay enhanced by “True Player Motion,” the next-generation animation engine of FIFA that combines real-life data and animation to produce life-like results. With FIFA 22, players can be precise as they strike the ball with a complete set of animations and controls that precisely replicate real-life movements. FIFA 22 also introduces “Referee Control,” a refined set of controls that gives players intuitive control of all decisions, goals and fouls at any point in a match. Be a Legend: Test your skills in a brand new Legacy Draft mode, allowing you to select the players from an interactive list of one-time legends. Draft as Lionel Messi, Zinedine Zidane, Ronaldo, Pele and more to create your own Ultimate Team. In a brand new Story Mode, discover the secrets of one of the world's most popular sports and see it through the eyes of the legends themselves, including the great Pele, Franz Beckenbauer and Sir Bobby Moore. When Argentina's 1966 World Cup team faced off against England's 1966 squad, the story in this mode follows Pele and other legends as they try to overcome a powerful English side and win the World Cup. FIFA Champions is back with a refreshed look. The Champions Mode now includes the most accurate player likenesses of each top 20 club in the world. All 72 club uniforms have also been updated in every mode. FIFA 20 introduced a new acceleration system that allows players to feel lighter and more agile on the ball, allowing you to make sharper and more precise moves on the ball. FIFA 22 continues this innovation, with better control over the ball, new acceleration settings, and new dribbling and player movement controls. FIFA 22 introduces “HyperMotion Technology,” which uses motion capture data collected from 22 real-life players playing a complete, high-intensity football match in motion capture suits. The data collected from player movements, tackles, aerial duels and on-ball actions is used to power FIFA 22 gameplay. What's new in Fifa 22:

- -- **Gimmicks, defensive mentality, speed, protectiveness, and players who react fast in the last few months of the game are adapted to match the league conditions: a return to the pre-Euro qualification format, with semi-finals being played between 16-18 August 2016 and the final between 6-8 October 2016. The new competition format includes 8 venues with a stadium capacity of 50.000 maximum.]**

-
- A lot of attention is paid to the introduction of a new hairstyle, followed by a range of new players. The basic hairstyle has been adapted to the latest trend and, thanks to EA Sports, the squad is more feminine, but also leaner. Sixteen players are introduced with two or more new hairstyles thanks to EA Sports' meticulous attention to detail. In particular, the BSL 2016 Most Popular Boys is inspired by Real Madrid midfielder Isco.

FIFA is a series of association football video games developed by EA Canada and published by Electronic Arts. It was originally released for the Amstrad CPC, MSX, Commodore 64, ZX Spectrum and Amstrad CPC in 1986, with ports for the Game Boy, SNES, PlayStation and Sega Saturn and the personal computer versions being published by Electronic Arts. It is one of the most popular and successful sports video games to date. The franchise has since expanded with more than two dozen titles available on current platforms, and the first person view of the game's most recent iteration, FIFA 19, was awarded Best Sports Sim in 2015 at the Game Developers Choice Awards. FIFA 20 does not focus on player personalization, and in order to balance the game, the player creation mode is removed. The overall gameplay balance of the game was also changed based on player feedback, causing many changes to the gameplay of the previous title in the series. Release FIFA 20 was released on September 27, 2018 for Xbox One, PlayStation 4, PC, Xbox 360, PlayStation 3, and Nintendo Switch. The Windows version was released on September 30, 2018, the PlayStation 4 version was released on October 12, 2018, and the Nintendo Switch version was released on October 19, 2018. Gameplay FIFA 20 introduces a revised ball physics system to enhance ball control on all surfaces. EA Sports has also added several new gameplay options to the game,

including defensive and offensive anticipation, defensive tracking, new strategic duels in the match, and new tactics for free kicks, penalty kicks, and corner kicks. One of the game's most drastic changes from its previous titles is a revamped goalkeeper AI. The goalkeeper will now take numerous steps towards the ball, and has several new ability skills. The goalie can now anticipate defenders' moves and adjust the direction of their movement. New artificial intelligence improvements also allow players to pass with greater ease. New gameplay skills and a more mobile defensive line provide the most comprehensive defensive system in the FIFA franchise. In the mode Pick Your Club, you can play in all 16 teams in all the leagues in any order or from any order, there are no limitations. New competitive gameplay modes include a new word of the game Scenario Mode, New Co-op Challenge Mode, a revamped National Teams Mode with fully customizable teams and a more involved coaching system, a new Elimination Mode, a new online Co-op Challenge Mode, and
