RESPECT THE PEOPLES' RIGHTS A BRAND NEW PHILANTHROPIC PARTNER IN THE FORM OF THE MADE IN U.S.A. COLLECTION The partnership, which includes player-designed jerseys, shirts, and goalkeeper apparel, will feature the Made in U.S.A. logo. FIFA has joined forces with the World Wildlife Fund's (WWF) "Save the Elephants" campaign and the United Nations' "Together for a Healthier Future" initiative, to showcase a refreshed version of the iconic yellow and black "Make the World a Game" logo. In 2014 FIFA turned the "Make the World a Game" motto into a challenge, pledging to reduce its carbon footprint, donating \$10 million of carbon offsetting to a Climate Change project over the next five years. FIFA is proud to stand for a healthy future, equality for all and respect for the environment in accordance with the Save the Elephants and Together for a Healthier Future campaigns. CAMPAIGN FIFA 20 is based on the award-winning game engine Frostbite and delivers the authentic feeling of true player emotion, unparalleled ball physics and attention to detail seen in a FIFA game. The game will be available on Xbox One, PlayStation 4, and PC. For more information visit [www.fifa.com](http://www.fifa.com). ]]> 20 Minute Review

**FIFA's official videogame franchise. Quinn Arnold says: "We have a brand new AI-controlled opponent, delivering a whole new dimension to the game and a brand-new tool in the form of the FIFA Wizard. You can now redefine your team performance and individual player attributes on the fly, using our augmented reality companion app - ask any Wizard, he can take any squad from any game and change their attributes in real time. What's new in FIFA 22? Improvements in every area, from player and team movement to passing. Quinn Arnold says: Our world-class game engine has been upgraded and re-tuned to deliver the best performance and user experience, and with close to 200 enhancements, all of the gameplay dynamics have been improved. See the first-ever feature film opening, created exclusively for FIFA 22. Quinn Arnold says: We've created a brand new feature film as part of our rich game movie experience, featuring one of the greatest goals you'll ever see. The winner of the FIFA 22 End of Year Awards 2014 and the greatest FIFA goal is all about teamwork and nerve - and it's all captured by our incredibly talented filmmakers. Key features**

**Intelligent Player AI: EA SPORTS Football Intelligence (Epiphany Engine) has been completely re-worked, with the ability to control all nine player types in greater numbers and improved player intelligence. If you can spot them, the player AI will stay within your control, or else the player type that best matches your game plan will work to their strengths. Add-ons: Create and customize squad rosters, customise the kits and even apply unique badges to your players. You can even choose how each player sees the pitch: if you have a keeper wearing cat's eye protection, for example, he will be more adept in his tracking of the ball.
